HL7 AU Project Proposal

AU eRequesting FHIR Implementation Guide

This form is to be completed to propose new projects (Project Proposal & Project Scope Statement), or for new releases previously published standards, or for reaffirmation, re-circulation or withdrawal ballots (Project Scope Statement only).

A project proposal is not necessary for new releases of previously published standards, or for reaffirmation, re-circulation or withdrawal ballots.

The correct completion of the submitted form will ensure that the Board is presented with all the required information to support their consideration and approval process in a timely manner. The content will provide transparency to stakeholders on the project, expectations, direction and timeframes which in turn will support consensus-based standards development.

Please submit completed forms to projects@hl7.com.au

Project Proposal

Delete if not relevant. This section is only relevant for new projects.
