HL7 AU Scope Statement

HL7 AU FHIR Test Data Project R2

Project Scope Statement

Project Title	HL7 AU FHIR Test Data Project					
Project Description	Develop sample FHIR resources to support implementation of HL7 AU FHIR IGs, in particular AU Core, AU Requesting and AU Patient Summary.					
Project Need	Supporting material for developers implementing draft and working standard (trial-use) FHIR implementation guides.					
Project Scope	This project will deliver the second release of the FHIR Test Data. The project will make updates to existing sample test data, and create additional test data to support AU Core R2, AU eRequesting R1, AU Patient Summary R1.
